**DJ BENN JORDAN
THE FLASHBULB**

Jordan has completed work in branding, having created stings and trademark sounds for companies such as Dove, Knowledge, Verizon, and many others. Jordan is

currently represented by Vapor Music Group, a large international creative firm operating out of Toronto, and currently owns and operates their production and recording facilities in Chicago.

THE DEBAUCHERS

The Debauchers have brought their no-holds barred live show to venues throughout the Midwest and beyond

– from Chicago's Double Door and Schubas to Austin's South by Southwest Festival, where they appeared with Jon Langford, The Sadies and Half Japanese.

**THE LUCKY
JACKSON BAND**

Born of the need to bring Elvis Presley movie soundtracks to the streets/bars of Chicago Lucky Jackson has since evolved into what is now being referred to as Jersabilly, combining the best of the Jersey Shore with Rockabilly.

**THE
YELLOWHAMMERS**

Roots Rock from Chicago's West Side - YellowHammers began as a trio in 1996. Since

then they have developed their own take on roots rock 'n roll, accumulating influences from early country blues to wireless pop. The YellowHammer's wistful songs make a u-turn just before reaching melancholy and head in the direction of a search for salvation.
